Transfer Credit for 2017-2018 Austin Community College Courses

UT Austin transfer evaluations for Austin Community College courses are listed below, organized by A.C.C. prefix. Evaluations are certified for courses taken in the 2016-2017 academic year. Courses taken in prior years may transfer differently and can be found at www.utexas.edu/student/admissions/ate/ .

A.C.C. course numbers have four-letter prefixes and the second digit denotes semester hour value. A.C.C. retains some older numbers with three-letter prefixes, in which the fourth digit denotes credit value. Some disciplines use both numbering systems (e.g. *SOCI* and *SOC* for Sociology).

Some evaluations are modified UT course numbers – e.g. M 405G instead of 305G – to accommodate semester hour values at A.C.C. Transfer credit with semester hour values less than normally taught at UT substitutes for the UT course of higher value at the discretion of the student's academic dean's office.

Retired UT courses may be used in transfer evaluations; such credit still applies toward current requirements.

Evaluations with no specific UT course number (e.g. *ART 3 hrs*) represent generic transfer hours in a subject. Generic hours in some fields of study are designated by *Frmn* or *Soph* (freshman or sophomore lecture) and *Lab* (lower-division laboratory).

Transfer credit recommendations for specific UT degree programs are provided in the ACC/UT Transfer Guides, available online at www.utexas.edu/student/admissions/acc/ .

Academic Courses

Designed to parallel the first two years of university study and intended for transfer into bachelor degree programs, except for developmental coursework (DEVR, DEVW, ESOL, INRW, MATD, NCBM, SDEV, and any course number with zero as the first digit).
